This simple pendant lamp allows you to illuminate directly or to an angle. Its shade, whilst circular at the base, is rectangular at the top and sits freely to the cord. This allows the shade to angle left, right and completely rotate around. Changing its expression between cone and cylinder as you do so. The pendant can be used as a single piece by the side of a bed or sofa or used in combination over a dining table or an entire room.

Ceramic Pendant has been left unglazed, raw and been burnt at over 1100°C, creating a final surface that is matt and fine-textured. The body is handmade, therefore, every lamp slightly varies in shape, size, and colour, making every pendant unique.

ABOUT MOEBE

MOEBE is a Scandinavian design studio that creates products, furniture, and interiors. Formed in 2015 by architects Martin de Neergaard Christensen, Nicholas Oldroyd and cabinet maker Anders Thams.

MOEBE designs everything in-house and develops their own products into production. The products are designed with modularity in mind, they are component-based and can be repaired, assembled, and recycled with ease. MOEBE strives to reduce their designs to their most simple form. Developing new details and techniques for bringing different materials and elements together.
