MOEBE

ABOUT

MOEBE is a Scandinavian design studio that creates products, furniture, and interiors. Formed in 2015 by architects Martin de Neergaard Christensen, Nicholas Oldroyd and cabinet maker Anders Thams.

We design everything in-house and develop our own products into production. Our products are designed with modularity in mind, they are component-based and can be repaired, assembled and recycled with ease. We strive to reduce our designs to their most simple forms. Developing new details and techniques for bringing different materials and elements together.

We believe that good design in itself can be sustainable. We don't believe in single-use products, furniture that only suits a trend or quality that doesn't last.

Repair and replace

We create products so that they can be repaired. Should a part break, then only the piece that is broken needs to be replaced rather than the product as a whole.

Recycle

We design products and furniture that last, that can be repaired, and that can be easily stripped to its individual parts and recycled.

Flat-packed

Our products all consist of separate parts, ensuring that it can be shipped entirely flat-packed or in a reduced form, thereby, cutting down transport volume to an absolute minimum.

Responsible shipping

We treat the design of our packaging as important as our products. Our packaging is cardboard based, with no lamination. It protects our products through the rigors of shipping, and once its job is complete, it can easily be recycled.

Responsible production

We only produce our products with partners that we trust and whose production is socially and environmentally responsible.

95% of our production is European based and 100% of our production conforms to our stringent CSR Policy.

01

CERAMIC PENDANT NARROW

CERAMIC PENDANT NARROW is a simple pendant lamp that allows you to illuminate directly or to an angle. Its shade, whilst circular at the base, is rectangular at the top and sits freely to the cord. This allows the shade to angle left, right and rotate completely around, changing its expression as you do so. The pendant can be used as a single piece by the side of a bed or sofa or used in combination over a dining table or an entire room.

The pendant has been left unglazed, raw and been burnt at over 1100°C, creating a final surface that is matt and fine-textured. The shade is handmade and therefore, every lamp slightly varies in shape, size, and colour, making each pendant unique.

SIZE
(H x D) 220 x 112 mm

COLOUR
White

MATERIAL
Ceramic

CABLE
Textile cable. 3 meters long

SOCKET
E27

LIGHT SOURCE
Doesn't come with a lightbulb. We recommend a standard Ø45 or Ø60 LED lightbulb. Max 15W.

RRP
845 DKK / 1195 SEK / 115 EUR

03

CERAMIC TABLE LAMP

CERAMIC TABLE LAMP is a lamp with a sculptural form that can illuminate in all directions. With a simple touch, pivot the lampshade up or down and rotate around, concentrating the light to any direction. Position on a shelf, window, side table or bench and use as a backlight or a direct one.

The lamp is constructed from three independent parts, a ceramic body, a ceramic shade, and a white glass bulb. The conical shape of the body allows for the bulb to be secured in place whilst giving the shade the freedom to be completely adjustable. The ceramic parts are handmade, unglazed and left raw, with colour pigment blended into the porcelain itself.

SIZE
(H x D) 330 x 371 mm

COLOUR
White

MATERIAL
Ceramic

CABLE
Flat plastic cable with a switch.
2,5 meters long.

04 SHELVING SYSTEM

SHELVING SYSTEM is built entirely from individual parts. Enabling you to create a customised system that perfectly matches your needs. Pivot. Expand. Go wider. Go higher. SHELVING SYSTEM allows you to create a huge array of combinations Each system, whether black, oak or white, relates and interacts with their spatial surroundings in an entirely different way.

The new white system introduces a light expression to the collection and can be used as entirely white or mixed with both oak and black elements. The final surface of the system is different from that of its black and oak counterparts. It's made without a veneer and is instead flat and solid in colour. The surface is lacquered, smooth to the touch and matt.

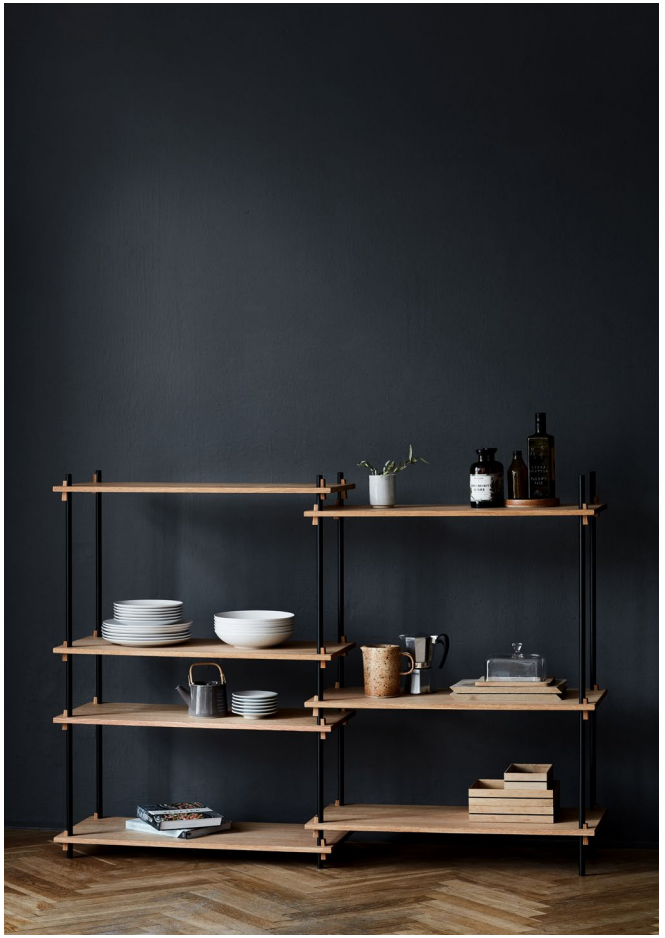
SIZE
Can be configurated to fit any setting

COLOUR
Oak / Black / White

MATERIAL
Oiled oak veneer / Black stained oak veneer / White PU paint
MDF core
Powder coated steel

RECOMMENDED RETAIL PRICE
From 3980 DKK / 5495 SEK / 535 EUR

Find our configurator at www.moebe.dk



Shelves at any height

The shelves are held in place by wedges, and there are, therefore, no predefined positions. You can place a shelf at any height and add as many shelves as you like.

Navigate different heights

Be it up a set of stairs or simply navigating an uneven floor. Each leg can be adjusted in height independently, allowing you to easily deal with tricky uneven surfaces.

Rotate to any angle

Add a new bay at any angle, simply pivot around a shared leg or join together to continue in the same direction.

Build as tall as you like

We offer two leg sizes: 85 cm and 115 cm. Both legs can be attatched together in any combination by joining them with ''Leg connector sets''. The only limitation is the height of your space.

Build as wide as you like

Simply keep adding leg sets and shelves in whichever direction you want to go. One bay measures 85 cm. Because of the overlap each additional bay will add 78 cm to the length.

Clay

05 CABINET

With our newest add-on CABINET, we finally bring the possibility to hide away those things that you don't want on show - we all have them.

The cabinet can be placed at any height within the system, and still allows for shelves to be placed at either side. The cabinet comes flat packed and consists of two custom shelves, two side panels, back plate, doors and an optional inner shelf. As with the rest of the system, the cabinet is built with no extra tools. The sides are held together by dowels and the doors are simply clicked in place.

SIZE
Outer: (H x W x D) 453 x 850 x 350 mm
Inner: (H x W x D) 421 x 647 x 293 mm

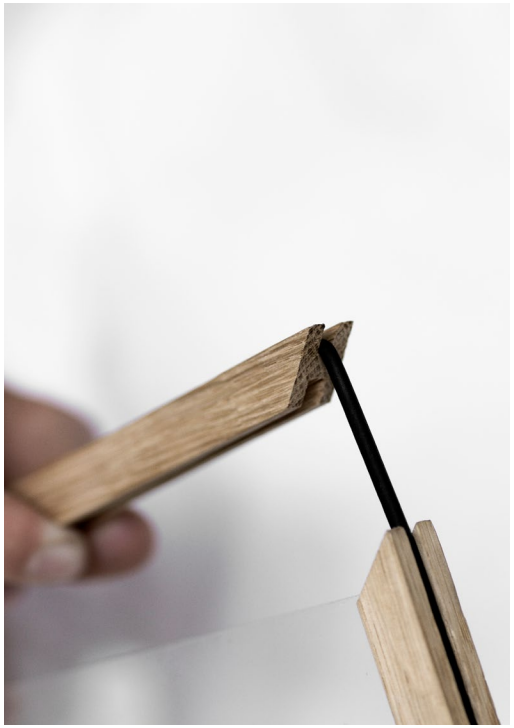
08 FRAME



FRAME is a reinterpretation of the original picture frame. It consists of two pieces of acrylic glass, four lists made of either untreated oak or aluminum, and a rubber band. The rubber band both holds the frame together and serves for hanging the frame on your wall.

By keeping the construction to the outer edge, the glass is held free and fully transparent. This allows the motif to hover against the underlying background, giving new possibilities to how and what can be framed.

SIZE
A5: (H x W x D) 230 x 168 x 12 mm
A4: (H x W x D) 317 x 230 x 12 mm

09 WALL HOOK

WALL HOOK is formed as one single continues element. The hook has two points for hanging your coat, keys, cap etc. Either over the top of the bent wire or underneath on the actual hook. To keep the form of the wall hook as simple as possible, we turned the hook point inwards. This way achieving a closed and harmonious form.

The hook is as simple to mount as it is to look at. With no extra pieces or additions needed, simply screw the hook into the wall until the round shoulder meets the finished surface.

SIZE
Small: (H x W x D) 80 x 5 x 31 mm
Large: (H x W x D) 200 x 6 x 36 mm

10

WALL MIRROR

WALL MIRROR is a frameless mirror only held by a lightweight wire form. The mirror is kept simple, leaving the core function - the glass - to speak for itself. The construction of the wire only lightly touching the glass is what makes the design simple and elegant.

SIZE
Ø30 cm: (H x W) 440 x 300 mm
Ø50 cm: (H x W) 680 x 500 mm
Ø70 cm: (H x W) 940 x 700 mm

13

POLYGRIF

POLYGRIF is a customisable creation that transforms through the touch of your hands. Mind and hand working together to explore the endless expressions of these little creatures.

The pieces are made of solid oak and ash, and it will last a lifetime if you take good care of it. Please do so, much love has been put into making it.

SIZE
(H x W x D) 320 x 80 x 210 mm

COLOUR
Natural oak and ash wood

MATERIAL
Untreated oak and ash wood

RECOMMENDED RETAIL PRICE
995 DKK / 1249 SEK / 129.95 EUR

14

PINCH

Some moments you just want to last a little longer. PINCH helps you hold on to some of those moments. Maybe you saved your ticket from last weekend's concert or a handwritten note from the one you love. These small items are important tokens of our lives, so when you are handed these tokens 'pinch' them.

PINCH consists of two pieces of solid oak and a single rubber band. At some point you may need to put on a new rubber band, any type will do. You can either use it standing or hanging from the hole in the back.

SIZE
(H x W x D) 95 x 37 x 40 mm

COLOUR
Oak / Black
Black rubber band

MATERIAL
Untreated oak wood / Painted ash wood
Rubber band

RECOMMENDED RETAIL PRICE
75 DKK / 95 SEK / 9,95 EUR

15

COAT RACK

COAT RACK is a simple rack. Drawing just a fine line on your wall, the rack ensures a clean look for your hallway, kitchen or bathroom.

The rack consists of a metal rod and 4-6 pegs. The pegs simply slide on the rod and can, therefore, be moved around as needed. As the rod can easily be removed from the wall, pegs can be added or removed in an instant.

SIZE
Small: (W x H) 400 mm x 80 mm
Large: (W x H) 700 mm x 80 mm

COLOUR

Chrome coated steel

RECOMMENDED RETAIL PRICE
Small: 595 DKK / 795 SEK / 79 EUR
Large: 795 DKK / 995 SEK / 99 EUR

16

CANDLELIGHT

We have designed CANDLELIGHT to be as simple as possible both aesthetically and in construction. It is formed from a single piece of metal wire containing seven bends and a pointed tip.

The triangulated geometry of the wire-form both holds the candle in place and ensures stability with no additional material needed. The expression of the design is simple and contemporary.

SIZE
